Dear Lida:

Thank you for bringing your vision to the Grand Banking Room@
the Arts Exchange.

The artworks offer a delightful window into the perspectives, spirit
and joy of the talented young Chinese Americans that, by the way,
you have done a very nice job of teaching.

Congratulations on the wonderful opening reception, which provided
a very positive opportunity for politicians and dignitaries to witness
the impact and value that the arts have for the children, their
families and the visitors who enjoy the artworks.

Sincerely,

Janet T. Langsam
