

## Personal Statement

**By: Yuxiang Luo**

**Position I'm seeking: Director of HXNYC Board**

As a parent and a volunteer of HXNYC for almost six years, I would like to run for a position on HXNYC board.

I have been a HXNYC parent since 2014. I see our Chinese School as the most important place for our kids to learn Chinese language and culture, to make friends with fellow Chinese Americans. It's also an integral part of our local Chinese community, where families are closely connected, to share information, support each other and have a bigger voice in local community, not to mention all the great family activities and fun times our school brings us.

To support our school, I've been serving various volunteer positions over the years. I started as a member of PTA to help organizing school activities such as autumn festival BBQ, Chinese New Year celebration and commencement ceremonies etc. After that, I joined the school administrative team, serving as an assistant Vice Principal for safety and disciplines for a year, and then as VP of safety and disciplines for three years. These experiences provided me with a good understanding of the operation and organization of our school.

If elected, I will continue to help with improving and enhancing our existing safety rules and guidance for handling violations. I will also contribute in other ways I can to help our school grow and fulfil its mission of teaching Chinese and promoting Chinese Culture in our community.

Thank you for your support of my candidacy.

### **My volunteer experience at HXNYC:**

Vice Principal of Safety and Disciplines (2017-2020)

Assistant VP of Safety and Disciplines (2016-2017)

Member of Parent Council (2015-2016)
